Roers' Construction, Inc.
4445 2nd Ave. SW
Fargo, ND 58103

To Whom It May Concern:

You recently built a 14,000 square foot Butler metal building in the industrial park of Fargo, ND for to serve as our new warehouse. I was in charge of monitoring the progress of this project, and I am extremely satisfied with the results.

Everyone at Fargo Office Partners, LLC is very pleased with the quality of workmanship and professionalism that Roers' Construction displayed throughout the project. Lance Thorson and the Roers' team have done a great job keeping us updated with the project's progress and have worked hard to allow us to utilize the building as soon as possible.

I highly recommend Roers' Construction and I look forward to working with you again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Hofer". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael Hofer
